Name of event	South African International Renewable Energy Conference- SAIREC
Date	4-7 October 2015
Location	Cape Town, South Africa
Event organizer	REN21
Event website	http://www.sairec.org.za/
Description of the event (objective, target audience, , etc.)	<p>The International Renewable Energy Conferences provides a global platform for government ministers, high-level decision makers, experts, specialists and thought leaders, as well as private sector players and civil society, to discuss and exchange their vision, experiences and solutions to accelerate the global scale-up of renewable energy. Hosted by the South African Department of Energy together with the South African National Energy Development Institute (SANEDI), under the theme RE-energising Africa, SAIREC aims to demonstrate why Africa is the business destination for the renewables energy sector given its current growth trajectory and need for investment in clean energy to underpin sustainable economic growth. Over the past decade these conferences have provided the motivation for several momentous initiatives.</p> <p>The objective was to inform and disseminate participants of the EU-SOLARIS project understanding that the delegates in this conference represent the target community for the future EU-</p>
